DO'S AND DON'TS

DO'S

1. **Abide by NH boating rules.** In narrow, shallow inlets go out and return at slow (no wake) speeds. You are responsible for your wake in all situations – It's the law!
2. **Fishing** – Pine River Pond is a state lake and as such **NH regulations apply.** Please pick up a copy of regs when purchasing a fishing license.
3. **Leash law** in effect.
4. **Purchase dump permit** at the Town Hall in Sanbornville & dispose of trash properly.
5. **Campfires** – you must obtain a **permit** from fire warden at Sanbornville Fire Station (no charge).
6. **IMPORTANT – remove all plants from boats, trailers, and fishing tackle** before launching & when taking boats out of the lake. Its New Hampshire law – Milfoil & other invasive plants can destroy lake use for all.

DON'T'S

1. **No ski craft** (state ban in force on PRP). PWC's that carry 3 or more persons are allowed.
2. **No washing** or shampooing in or near the lake.
3. **No public launch.** Do not give approval to an outsider to use your launch unless you supervise/have Milfoil signs at launch site. Milfoil travels from lake to lake on boats & trailers, destroys lake use & property values nosedive!
4. **No excessive noise:** OWNERS – RENTERS-VISITORS, please be considerate of your neighbors. **Have fun &** just be aware that there are **families & small children in the area!** Please turn down music & flood lights after dark.
5. **No ATV's** allowed on any private land or area roads **without written permission** of owner. It's the law!
